

## Wine & Liquor Display Fixtures

### Modular Wine & Liquor Displays

For over a quarter century, we have been a leader in the design and manufacture of wine and liquor displays. We continue to develop new designs for displaying bottles upright or laid down. Most of our customers can meet their display needs by choosing from our standard modular designs.

### Custom Wine Displays

If our modular fixtures don't fit your needs, give us some ideas and a sketch of what you have in mind. Often we can alter our standard modular units to fit your merchandising requirements.

### Need help with a fixture layout?

If you are considering purchasing our fixtures, we can help you with fixture layout. Send us a sketch of your retail space with dimensions and indicate the fixtures that meet your needs. Our CAD experts will prepare a drawing to scale and provide a cost estimate. This service is free unless extensive design time is required for custom displays.

Optional Tag Moulding for Shelves holds 1-1/4" standard price tags.

## Moulding Pattern Options

NEWConcept Wine Units come with pattern moulding or taped edges. Shelves have wood tag moulding (choose P5 or P6 shown left).

For Units with moulding, Uprights and Panel Caps use 1-3/4" moulding. For Headers, use 6-1/2" moulding (*page 175*).

Units shown use Panel Caps. *See page 175* for other Top Cap options.

## NEWConcept Wine Baskets

Basket options have been added to the NEWConcept Wine Units. Baskets are divided into four sections. Each section holds (9) 3" bottles or (8) 3-1/2" bottles laid down for a total of 24-36 bottles per basket. Choose 2-Basket or 3-Basket Units with shelves or bins above.

### NEW Pull-out Drawer

Pull-out drawer provides a convenient place to store overstock or back-up wine bottles. Drawers are mounted on ballbearing slides for quick and easy access. Makes good use of the space at the bottom of a wine fixture.
